Soil Control Lab	42 Hangar Way	Watsonville	95075	831.724.5422	X	X	

This list contains some commercial analytical labs that provide testing services to the public for a fee. This list is not all-inclusive and is provided as a convenience to the public without implying endorsement of any specific business.

Testing services include soil testing for pH, salts, minerals, nutrients, trace elements; water testing biological and mineral components; plant pathology testing for diseases and nutrient deficiencies. Please contact the lab for specific services.

Your local garden center sells basic, do-it-yourself soil test kits that start at \$5 and go up.

The University of California prohibits discrimination against or harassment of any person employed by or seeking employment with the University on the basis of race, color, national origin, religion, sex, physical or mental disability, medical condition (cancer-related or genetic characteristics), ancestry, marital status, age, sexual orientation, citizenship, or status as a covered veteran (special disabled veteran, Vietnam-era veteran or any other veteran who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized). University Policy is intended to be consistent with the provisions of applicable State and Federal laws. Inquiries regarding the University's nondiscrimination policies may be directed to the Affirmative Action/Staff Personnel Services Director, University of California, Agriculture and Natural Resources, 1111 Franklin, 6th Floor, Oakland, CA 94607-5200, (510) 987-0096.
